PARKLANDS

UPDATE

PLANS FOR KITCHEN APPROVED

The plans for our café kitchen have been approved and we are now able to start ordering what we need to get the café up and running! When our doors are open, we'll be serving up hot drinks, delicious light bites, and some sweet treats for our visitors.

TECHNICAL DRAWINGS FOR LIFT

A big part of the building renovation is installing a lift so all of our visitors can easily access all of our rooms! Engineers have started on the drawings and we hope to have the plans finished in the coming weeks.

VOLUNTEERS

Parklands is open for volunteers who wish to help with the building refurbishment on Mondays, Wednesdays, and Fridays. Scan the QR code to join our WhatsApp group!

WE'VE MADE BIG CHANGES!

We've made some fantastic progress at Parklands over the past 6 weeks.

Thanks to a wonderful group of volunteers who have been working tirelessly to get Parklands ready for our grand opening, the place has really started to take shape. A lot of time has been taken up with clearing rooms, stripping walls, and knocking things down but we're at a really good point now to start the big makeover!

Seeing Parklands begin to change from an empty old building into a place we know will make such a huge difference to the community is incredibly exciting and although there's still a long way to go, we can really see things beginning to take shape.

We'd like to thank our volunteers again for the time, effort, and dedication they are giving to this project. We couldn't do it without you!
